

XXIV International Round Table on  
Nucleosides, Nucleotides and Nucleic Acids  
Stockholm, August 28-31, 2022

Plenary speakers:

**Carol Greider**  
Nobel Laureate  
Johns Hopkins University  
Baltimore, MD, USA

**Jack Szostak**  
Nobel Laureate  
Harvard University  
Cambridge, MA, USA

# SPONSORSHIP AND EXHIBITION OPPORTUNITIES

## The XXIV International Round table on Nucleosides, Nucleotides and Nucleic Acids

August 28-31, 2022 at Karolinska Institutet, Stockholm, Sweden (IRT 2020)

The biannual International Round Table (IRT) meetings are the conferences with the most respectable pedigree in the field of oligonucleotides/nucleic acids and their components, having a continuous lineage since 1974. The 24th International Roundtable meeting will gather researchers to discuss recent developments in topics related to the chemistry, biology and medicine of nucleosides, nucleotides and oligonucleotides/nucleic acids. The meeting will bring together established scientists and younger investigators from academia and industry from around the world, including students and postdocs, to share observations and discoveries pertinent to nucleic acids and their components.

### TOPICS expected to be covered during the IRT in August 2022

#### NUCLEOSIDE CHEMISTRY

Synthesis, modifications, methods, prebiotic chemistry

#### OLIGONUCLEOTIDE DESIGN AND CHEMISTRY

Synthesis, modifications, conjugates, labeling, capping, ON and guide RNA design

#### NUCLEOSIDE BIOACTIVITY

Prodrugs, antiviral and antibacterial nucleosides

#### OLIGONUCLEOTIDE/RNA BASED THERAPY

siRNA, mRNA, microRNA and antisense therapy, miRNA targeting, splice correction/switching, gene activation/editing and toxicity.

#### DELIVERY AND TARGETING OF NUCLEOSIDES AND OLIGONUCLEOTIDES.

Cellular uptake-enhancing and tissue-targeting modifications and conjugates, intracellular trafficking, protein interaction.

#### APPLICATIONS OF NUCLEIC ACIDS BEYOND THERAPY

Nanotechnology, origami, diagnostics, biophysics of nucleic acids, mechanisms and reactions involving nucleic acid components

#### NUCLEIC ACIDS: STRUCTURE, RECOGNITION AND CLEAVAGE

Aptamers, ribozymes/DNAzymes, artificial nucleases, enzymology of nucleic acid processing, small molecule recognition of nucleic acids, CRISPR/Cas

## SCIENTIFIC ORGANIZING COMMITTEE

### Local committee:

Chair: Roger Strömberg, Karolinska Institutet  
Co-Chair: C. I. Edvard Smith, Karolinska Institutet  
Shalini Andersson, AstraZeneca  
Samir El-Andaloussi, Karolinska Institutet  
Malgorzata Honcharenko, Karolinska Institutet  
Rula Zain, Karolinska Institutet  
Ulf Tedebark, Research Institutes Sweden  
Anders Dahlén, AstraZeneca  
Dmytro Honcharenko, Larodan  
Lennart Nilsson, Karolinska Institutet  
Taavi Lehto, University of Tartu

### International committee:

Masad Damha (McGill University, Montreal)  
Katherine Seley-Radtke (UMBC, Baltimore)  
Muthiah Manoharan (Alnylam, Boston)  
Chris Meier (Hamburg)  
Susanne Peyrottes (Montpellier)  
Piet Herdewijn (Leuven)  
Michael J. Gait (MRC, Cambridge)  
Matsuo Sekine (Tokyo)  
Jacek Stawinski (Poznan)  
Catherine McKeen (Link, Glasgow)

*The aim of the International Society of Nucleosides, Nucleotides and Nucleic acids (IS3NA) is to bring together researchers on the chemistry and biology of nucleosides, nucleotides, oligonucleotides/nucleic acids. IS3NA involves and support researchers across several disciplines to address a plethora of cutting edge scientific questions ranging from the origins of life to the development of novel therapeutics.*

The Society is a non-profit corporation operated to pursue specific scientific, social and educational objectives, especially in the promotion and advancement of scientific knowledge in the area of nucleosides, nucleotides, oligonucleotides and nucleic acids. In particular, the Society will initiate, sponsor and/or participate in conferences and other programs and relating to nucleosides, nucleotides, oligonucleotides and nucleic acids and develop, prepare and/or disseminate information and publications relating to these areas. We encourage national and international collaborations on research and applications among academic, industrial, governmental and private institutional organizations. We act as a mediator for communication, cooperation and understanding between scientists of all nationalities.

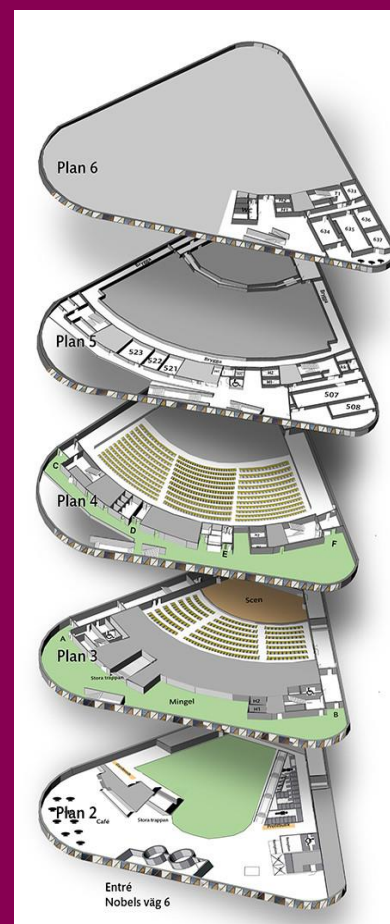

#### *IS3NA History*

Although researchers in the field had gathered together since 1974 at International Round Table (IRT) meetings, the idea of the IS3NA society was only formed at the XIII International Roundtable in 1998 in Montpellier, France. G. Gosselin, J.-L. Imbach and L. B. Townsend gathered a group of prominent scientists in the area together and made clear their desire that the IRTs should continue, but that the control of the IRTs should become the responsibility of a new society. A group of senior scientists, P. Dan Cook, Gilles Gosselin, Piet Herdewijn, Akira Matsuda, and Jack Secrist, was charged with the task of founding a new society that would not only take over guidance of the next IRTs, but would also bring together people interested in each aspect of research related to nucleosides, nucleotides, oligonucleotides and nucleic acids. At the XIV IRT held in 2000 in San Francisco, by-laws were in place and the new Society was named the International Society for Nucleosides, Nucleotides, and Nucleic Acids (IS3NA). The society has since continued with coordination International Round Tables on Nucleosides, Nucleotides and Nucleic acids which presently takes place biannually and was last chaired by Yitzhak Tor and held at UCSD in San Diego in 2018.

The upcoming International Round Table on Nucleosides, Nucleotides and Nucleic acids, will be held august 28-31, 2022 at Karolinska Institute in Stockholm, Sweden.

**Karolinska  
Institutet**

**PLATINUM** level: 20 000 USD and up (2-3 available)

- 3 complimentary registrations (including reception, coffees, lunches).
- Meeting room for the duration of the meeting. Logo displayed in email marketing campaigns
- Complimentary exhibitor space in platinum location (ca 12 m<sup>2</sup>) with participation in recruitment session.
- Logotype splash in mobile app. Exposure in the mobile app with logotype and optional text.
- Verbal recognition. Advertisement in printed program book.
- Complimentary promotional item in attendee registration bag (sponsor provided)
- Prominent signage during the event, Logo prominently displayed on main screen between sessions
- Possibility to display the sponsors logotype on a banner, Logotype on conference tote bag
- Logo displayed in printed program leaflet, Logo displayed on meeting web site

**GOLD** level: 10 000 USD and up (5 available)

- 2 complimentary registrations (including reception, coffees, lunches).
- Complimentary exhibitor space in gold location (ca 8 m<sup>2</sup>) with participation in recruitment session.
- Meeting room for half a day. Exposure in the mobile app with logotype and optional text.
- Complimentary promotional item in attendee registration bag (sponsor provided)
- Logo prominently displayed on main screen between sessions. Logotype on conference tote bag
- Logo displayed in printed program leaflet, Logo displayed on meeting web site

**SILVER** level: 6500 USD and up

- 1 complimentary registration and 50% discount on 1 registration (including reception, coffees, lunches).
- Complimentary exhibitor space (ca 6 m<sup>2</sup>)
- Complimentary promotional item in attendee registration bag (sponsor provided)
- Logo displayed on main screen between sessions. Logotype on conference tote bag
- Logo displayed in printed program leaflet, Logo displayed on meeting web site

**BRONZE** level: 3500 USD and up

- 50% discount on 2 registrations (including reception, coffees, lunches)
- Complimentary exhibitor space (ca 4 m<sup>2</sup>)
- Logo displayed on main screen between sessions
- Logo displayed in printed program leaflet. Logo displayed on meeting web site

**Friends** level: 1500 USD and up

- Logo displayed in printed program leaflet, Logo displayed on meeting web site
- Logo displayed on main screen between sessions

---

**Additional opportunities (unless included above):**

**Promotional item in attendees registration bag:** 500USD

**Exhibitor spaces:** 4m<sup>2</sup>: 500 USD; 6 m<sup>2</sup>: 750 USD; 8 m<sup>2</sup>: 1000 USD; 12 m<sup>2</sup>: 1500 USD

**Meeting room prices:** 90 USD/h afternoons, 110 USD/h mornings

**Advertisement in printed program** (content by advertiser, one opportunity per page):

Back cover: 1500 USD, Inside back cover: 1000 USD, Inside front cover: 1000 USD, Divider: 1000 USD

**Sponsoring of speaker participation** (coordinated with committee): 2000-2500 USD

## REPLY FORM

To confirm your sponsorship, complete and return the Reply Form  
Please indicate if your sponsorship contribution will be in USD, Euro or SEK  
Invoicing will be in SEK (at the exchange rate of the invoicing date)  
and sent from Akademikonferens to the invoice address you specify below

### Sponsor information

Please email a high resolution file of your company logotype to [irt2022@akademikonferens.se](mailto:irt2022@akademikonferens.se)
